

## Foreign Exchange Courses

***Only recently has trading on the foreign currency markets been affordable to everyday people like yourself.***

Currencies have been traded for as long as the markets have been around. Until recently trading currencies was limited to banks, and large investors. Given that the Currency Market was limited to banks and large investors the amount of money that is traded every day on these Market is over 1.9 Trillion Dollars. As you can see if you used a system that acquired you a small piece of 1.9 Trillion dollars every day you would have the power to make money consistently for the rest of your life.

***Learn to Trade the Foreign Exchange and create an amazing new financial direction for yourself.***

### ***Rapid growth potential in the largest market in the world***

With the current growth rate the market is projected to grow to more than \$2.0 trillion per day in the year 2005. This kind of rapid growth potential provides exciting opportunities for entrepreneurs to generate profits in the largest market in the world.

The Forex Market is the most exciting new place to make money. The largest, most liquid financial market, open 24 hours 5 days a week, with low margin requirements and no commissions.

Our 2 day FX Course For Beginners, planned to be taken six to twelve weeks apart, will train you step by step, giving you a working knowledge of the FX market and FOREX trading. You will familiarize yourself with the foreign exchange trading software, and learn simple ways to make money trading the FX market.

***Equal Trading will help you to become the best you can be in this market.***
